

Paint and Sip

Not an artist? Well, good, then this is for you!

We will listen to good music and laugh often. This is not a masters paint class It's more "informal art therapy" that is good for the soul!

All supplies are provided for you including a large 16x20 canvas and an apron to protect your clothes. Go completely off script and do your own thing, add different colors, or follow along as we paint and sip together step-by-step!
