

Commodore Report Allie McGinnis

Go Seahawks! February promises to be a fun filled month at the Richland Yacht Club. Check our calendar and plan to attend our upcoming Super Bowl Party! Final dues were due in January and you should have received your 2026 \$600 annual invoice. If you haven't please reach out to our Treasurer, Kathy Higgins. Moorage billing will be going out in April and a copy of your updated insurance will be due as well. We must receive an updated proof of insurance every year even if you are with the same insurance company. Thank you to our many volunteers for attending our monthly General Meetings on the first Tuesday of every month. Your votes are required to approve new members, resigning members and approval of last month's minutes. This month our 2026 annual budget is being presented for member approval. If you are resigning your membership, please note that the process requires a written notification to our Vice Commodore, Nik Qafoku at membership@richlandyachtclub.com, return your access devices, clear up your slip and pay any outstanding bills. A General Meeting vote by our members to resign in good standing is the final step in the process. If you have a boat in the water please take a moment to confirm that your heat source is working properly and that your lines are secure. Thank you for being a valued part of the Richland Yacht Club. Spring and boating season is right around the corner with an exciting year ahead.

Rental Coordinator Doreen Bughi

Clubhouse Rental fee for 2026 will be \$350 rental fee,& \$150 Cleaning deposit starting January 2026. Reservations are required for events larger than 25 people. For more info regarding policies visit our websites members area bylaws. Text your requested date, member name to Doreen Bughi at 509-386-3016 to receive the paperwork and process. You must be a member for at least one year to be eligible to rent the clubhouse . Fill out a completed application, you need orientation training (one hour) and written board approval required.

Dock Captain Ed Carraway

With the temperatures being colder right now, you want to check any heaters you have on board and make sure the inside of your boat is doing OK with no leaks. We also want to check our power cords, ensuring that they aren't hanging in the water and that they are in good repair. Replace worn power cords as needed.

All vessels in a slip need to have proper mooring lines. Ideally bow, stern and mid cleat. Spring lines help adjust the vessel back-and-forth, and help keep it secure in the slip so your boat is not hitting the dock.

Chafe protection is a good insurance to help protect the life of your lines.

If you have any questions or concerns, just give your Dock Captain a call. Thank you!

This is such a fantastic update! It's always heartening to see our club come together for a great cause, especially one that helps our four-legged friends at the Benton Franklin Humane Society. Kudos to Rick Eder for taking the wheel on this and ensuring the donations got where they needed to go.
